AMUSEMENTS.

So many of the musical plays are built with rhyme or reason that the public have begun to believe all that is necessary is several vaudeville acts and an opening and closing speech. Such is not the case with "Dan Cupid" a musical farce to be offered at Tabb's Opera House Friday, April 14th. The play of "Dan Cupid" is in three acts with a great plot to follow. Twelve big musical numbers and nine complete changes of costumes. Miss Myra Jefferson and John D. Taylor two well known farce comedy people are jointly featured. The cast has been selected for his and her farcical ability which includes Miss Dorothy Howard, Blanche Ray, J. A. Weaver and Jack Marsdon, with a pretty chorus of exceptionally pretty girls.

Accidents will happen, but the best-regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the burn. 1-m.

"Lame Leg Well"

"I wish to say that I have used Sloan's Liniment on a lame leg that has given me much trouble for six months. It was so bad that I couldn't walk sometimes for a week. I tried doctors' medicine and had a rubber bandage for my leg, and bought everything that I heard of, but they all did me no good, until at last I was persuaded to try Sloan's Liniment. The first application helped it, and in two weeks my leg was well."—A. L. HUNTER, of Hunter, Ala.

Pluck Wins.

Daniel Willard is president of the Baltimore and Ohio railroad. He is 50 years of age and in 1880 he was a track laborer on the Vermont Central railroad. He was without money, without friends, and still he climbed to the top. Why? Because he worked and did not snarl; he studied and did not growl; he did not damn the world and his fellows who had more of this world's goods. He made himself valuable. He did not rail at conditions or capital. He toiled intelligently; he toiled persistently; he did not fritter away his time. Thirty years ago he was a track laborer. To-day he is the president of a vast system of railroads. This is the land of opportunity and advantage and any American boy with the courage, the mettle, the application, the persistence and the industry can climb to the top. There is no royal road to greatness. Work and study, pluck and "never say die" wins the battle. "Always extend a fallen brother a helping hand," said Theodore Roosevelt in his banquet speech, "but when you have placed him on his feet and he refuses to walk, let him alone." There is truth and humanity in the observation. But when you have helped a man and then he refuses to help himself it is all off. Human driftwood, like all other driftwood, floats down the stream and is lost to view. Daniel Willard walked when he was helped. He did not expect to be carried along.

The fine, healthy country doesn't seem to need saving, but the candidate must have an excuse for being in the race.

All citizens are urged to co-operate in this plan and help the purpose of the League to beautify the city and promote the health of its people. The enterprise has the active co-operation of the Women's Clubs, the county and city administrations and all of our best people. The following ladies and gentlemen have been selected as chairmen of the Sub-committees:

Terrific Windstorm.

A terrific windstorm, which lasted for several hours Tuesday night, April 4, and was a gale of cyclonic proportions caused considerable damage throughout the county mostly to tobacco barns, many of which were entirely blown down, and a large number unroofed. The damage in this respect is considerable but in most cases is covered by insurance. In the city telephone and electric light wires suffered. The large glass crystal in the South face of the Court House clock and a pane in one of

the windows in the Circuit Court room was blown out by the wind and signs and roofs damaged.

City Council.

At the regular meeting of the City Council Tuesday night, April 4, the ordinance calling for brick streets, which was passed at an adjourned meeting a few weeks ago, was given a second reading and again adopted, and brick streets are now assured. No other business of importance was transacted by the Council.

The noblest deeds are not done at so much per do.

Movement for Parkway.

A movement is on foot to build a parkway in the center of Broadway and Court streets, reaching from Main around to Maysville street, and being twenty-six feet wide on Broadway and thirteen feet wide on Court street. The project is a worthy one, and one of which we can express our heartiest approval.
